

Town School Board Holds Reg. Meeting

The regular meeting of the 1932 School Board was held on Monday evening with all members present except Mrs. Collier.

The minutes of the last regular and special meetings were adopted as read.

A communication was received from the inspector of schools, Mr. L. Good, advising that Wainwright had been chosen as a centre for the holding of the supplementary examinations, August 25th to September 2nd and that Rev. W. J. Houston would be presiding examiner.

It was moved that the communication from Mr. Good be acknowledged and filed, and also advised that the Board would make all necessary arrangements for the examinations at date mentioned. Carried.

Bills amounting to \$1852.56 as recommended by Finance Committee were ordered paid.

It was moved that the attendance officer's report for February be accepted and filed and a copy sent to the department for record. Carried.

The report of the school principal for February was adopted and filed.

It was moved that in view of the apparent intention of the Catholic denomination to establish a separate school in our district, the members of the Wainwright school board wish to place themselves on record as sincerely regretting this step which we believe to be opposed, both financially and socially to the best interests of our town and community for the following reasons:

(1) Owing to the financial stringency which has existed since the disastrous fire of 1929 we have been unable to build an urgently-needed public school suitable for the town and district. The estimated number of pupils who would be withdrawn from each grade in our school would be comparatively few, so that no decrease in our staff seems possible, while the amount of taxes which would be withdrawn from support of our public school would have the effect of placing a very heavy burden on the remaining taxpayers. While our school building is regrettably inadequate to our needs we are fortunate in having a very efficient staff of teachers and our pupils have made most satisfactory progress.

CAN. NATIONAL RLWYS. WEEKLY NEWS ITEMS

FAMOUS DOG MUSHERS RETURN FROM QUEBEC

"Shorty" Russell, famous musher of the North country, whose smiling huskies carried him into second place in the Quebec Dog Derby recently, following a successful series of exhibition races at the Olympic Games returned last week over Canadian National Railways to his home at Flin Flon. He was accompanied by five of his dogs, the other two having been sold in the east. In the same Canadian National express car with Russell's team were nine huskies belonging to Earl Brydges, two-time winner of the gruelling 22-mile The Pas derby, who has been living at Lake Placid for the past two years but who is returning to his home at The Pas. Brydges' dogs were in charge of his brother Kenneth and Earl will follow soon. Emmie St. Germain, Olympic champion musher and winner of the Quebec derby, will return to his home at The Pas in a few days. Emmie's famous dog team has been broken up as he sold seven of his huskies in the east, retaining only his great lead dog, Toby, and one other.

NOVEL SERVICE TO BERMUDA ANNOUNCED

Canadians, Americans and Bermudians will become much better acquainted as the result of nine "Popular Excursions" which the Canadian National Steamships have announced for March and April. Each excursion will begin the sea voyage aboard the C.N.S. Prince Henry at Boston. The liner leaves the New England port each Friday evening, reaches Bermuda each Sunday, begins the return voyage each Wednesday, and reaches Boston each Friday. Another feature of the excursions is the "new low rate announced. The Prince Henry will inaugurate with the first of these special voyages, her calls at St. Georges, ancient capital of Bermuda instead of at Hamilton. This arrangement offers passengers the use of the ship as hotel and a connection at ship's side with the new Bermuda Railway that now joins St. Georges and Hamilton, a distance of ten miles.

PLAN HUGE DAM AS DROUGHT CURE

The construction of a dam, 1,900 feet long and 40 feet high across the valley of the Souris River near Estevan, Saskatchewan, on the Canadian National Railways, to impound 44,000,000,000 gallons of water has been proposed to the Provincial Drought Commission. The artificial lake would be about 35 miles long and one half mile wide, and would flood an area of approximately 8,200 acres of land. The reservoir would also permit development of considerable power to encourage industrial activity. The dam, it is said, would prevent damage to certain cities and towns in the United States by spring floods and it is suggested that North Dakota be invited to co-operate in the project.

PARTY PLANS SKI TRIP ACROSS BIG ICEFIELD

With the intention of crossing the Rockies on skis, from Jasper to Banff, by way of the Columbia Icefield, four men are now in training in Jasper National Park. The party, the first group of tourists ever to undertake such an extended winter expedition in the Rockies, consists of Russell H. Bennett and Henry S. Kingman, well-known mountaineers of Minneapolis, Minn., and Clifford White of Banff. The guide will be J. A. Weiss of Jasper, who is well known to summer visitors to Jasper Park Lodge, and who has done much to exploit the northern Rockies as a skiing country. The skiers will follow the summer trail to Maligne Lake, and proceed the 18 or 20 miles to the head of the lake, from where they will follow Coronet Creek to the foot of Mount Harry McLeod Glacier. The next day will bring the four men over the mighty McLeod Glacier to Pokoktan Creek and Waterfalls cabin, thence up the slopes of Pokoktan Pass, to drop down to the cabin at Bracco Lake. Nigel Pass will lead them to Camp Parker, on the north forks of the Saskatchewan River.

NEW SPECIES OF SALMON

Successful cross-breeding of pink and sock-eye salmon has been accomplished at the Cultus Lake hatchery in B.C., according to the Natural Resources Department of the Canadian National Railways. The new species may be called pink sock-eye salmon. It has been found to be highly efficient as a food product.

FIRST SHIPMENT OF CANADIAN GROWN TOBACCO TO JAMAICA

Canadian-grown tobacco from the agricultural areas of Ontario is about to storm the citadel of the "Havana leaf" in the West Indies. When the Canadian National steamer "Laoi Rodney" sailed from Halifax for Jamaica, she carried in her holds a considerable quantity of raw tobacco from Ontario destined for a factory in Kingston where it will be used for experimental purposes. According to the officials of the Imperial Tobacco Company who are filling the order, this is the first consignment of Canadian grown raw tobacco to go forward to Jamaica. It will be tested beside United States and other Empire tobacco with a view to future manufacture into pipe tobacco and perhaps blending. The shipment is made up of the best Canadian leaf known as "Canadian Virginia," and if the tests prove successful, will probably mark the beginning of a regular trade in Canadian tobacco to the West Indies.

DOINGS IN THE LEGISLATURE

EDMONTON, March 10.—If government anticipations are realized the present session of the legislature will be prolonged on March 24th in order that members may be home for Easter. In making announcement of the administration's desire to expedite business, Premier Brownlee declared that he was prepared to sit at through April if members of the legislature were of opinion that the work of the house required it.

The announcement was brought about by a motion by the Premier that the house sit Wednesday night and also Saturday afternoon. He said that night he would be at the house at 8:30 Friday night as the Civil Servants were holding a function on that date and many members had been invited to attend.

His motion met with considerable opposition. Dr. H. W. McGill, conservative, Calgary, declared that sufficient notice had not been given members of the government's intention to sit that night. He would, he said be put to considerable inconvenience.

D. M. Duggan, conservative leader, intimated that he hoped the Premier would not press his motion. Mr. Brownlee stated that he would not if the house would be greatly inconvenienced, but when Premier White, labor leader, stated that if they did not sit Wednesday night they certainly ought to sit Friday night, notwithstanding the Civil Service festival, the Premier allowed the vote to be taken.

L. A. Giroux, liberal, Grouard, declared that with committees sitting in the morning and the house in afternoon and evening and also Saturday afternoon, the members were given only Sunday in which to read and digest legislation and other matters with which they had to deal.

The House divided on non-party lines and the motion to sit Wednesday night was carried.

Later, however, it executed an "on again, off again" Finnish movement and carried on with the estimates until 6:30 and then called it a day. It was whispered that members of the liberal and conservative groups had intimated to the government that if the house did sit that night the opposition benches would be empty.

A debate on a resolution moved by George H. Webster, liberal leader, asking that wheat pool trust funds be invested in order to provide agricultural scholarships at the Alberta University aroused considerable debate.

Mr. Webster attacked the expenditures from this fund from year to year in no measured terms. He declared that far too much had been spent on traveling expenses and that none of the money had been used in the interests of agriculture. He quoted figures showing that large sums had been paid to various co-operative associations. It was a wrong principle he declared, to make grants to associations which were losing money in order that they might compete against men who had been successful in building up big businesses of their own.

Mr. Webster was warmly supported by H. J. Montgomery, liberal, Wetaskiwin and Hector Lang, liberal, Medicine Hat.

The liberals also received support from the conservative benches. D. M. Duggan, leader, expressing heartfelt sympathy with the resolution.

Premier Brownlee strongly defended expenditures from the fund urging that money spent for co-operation was of the greatest value to the agriculture of the province. Hon. George Hoadley, Minister of Agriculture also defended the trustees. Hon. Perren Baker agreed with the idea of more scholarships, but did not see that this particular fund should be used to supply them.

Premier Brownlee suggested that the resolution might obtain stronger support if the scholarships were to be provided at provincial schools of agriculture instead of at the University.

The resolution, however, was lost. Discussion of the bill to validate the agreement with the Dominion Continued on Page Two

BOYDOM'S KINGS IN GREATEST CLASSIC

Every boy in America who wants to be an actor can well envy Jack Coogan and Junior Durkin, for this talented pair today sit on veritable thrones of boydom.

They are Tom Sawyer and Huck Finn in Paramount's splendidly faithful filmization of Mark Twain's immortal classic, "Tom Sawyer," the main feature on the bill at the Elite theatre on Thurs. Fri. and Sat.

It is reasonable to suppose that it is a canvass of all boys in America were taken to learn what roles they would prefer to play on the screen, the answers would be overwhelmingly in favor of "Tom" and "Huck".

For there are no other characters in fiction who better represent the idea of boyhood than these two and since 1876 when "Tom Sawyer" was first published, that book has been read by millions of youths. According to some authorities "Tom Sawyer" and "Huckleberry Finn" are the most widely-read books ever written.

Long before they had the good fortune to be assigned to their parts in the talkie, young Coogan and young Durkin knew their fictional prototypes as well as they knew the use of a knife and fork.

In reproducing this epic story for the screen, Paramount handled the work with painstaking care. The original dialog has been preserved almost to the letter. The characters even to the most minor ones, are all present in the film version. The atmosphere of the mid-century period is meticulously portrayed.

NEW MINERAL SPRINGS IN NORTHERN ONTARIO

Radio-active waters, similar to those used in the "curative baths" of the ancient Romans, will be made available to Canadians this summer by the opening of a Sanatorium and Spa at Bethnal Springs in central Ontario.

The radio-active springs around which the health centre has been built occur at Bethnal station, about 10 miles from Goyama, on the Canadian National Railways main line to Winnipeg. Human maladies ranging all the way from hay fever and indigestion to hardening of the arteries and general debility have already been successfully treated at Bethnal Springs whose waters gain their curative properties from the fact that they flow through radium-bearing rock before they reach the surface. The waters are odorless and tasteless and may be drunk or applied externally in the treatment of disease. The eleven springs deliver about 60,000 gallons of water a day and arrangements are being made to have this piped into the sanatorium for the treatment of patients.

IF YOU HAVE EVER TRIED TO CLEAR A PATH WHEN THE SNOW IS HEAVY AND STICKS TO THE SHOVEL, YOU WILL APPRECIATE THIS IDEA.

By simply rubbing both sides of the shovel with a cloth saturated with kerosene or other oil the snow, no matter how heavy or sticky, will slide off easily.

The Forum

(We do not hold ourselves responsible for opinions expressed by our correspondents, although our columns are always open for the discussion of matters of public interest.—The Editor.)

The Editor:

Dear Sir: Your issue of March 7th, carried the minutes of the last regular meeting of the Wainwright Town Council. I feel I must take exception to the "mild motion" of Councillor Courcier and do hereby publicly protest against the same as uncalled for and outside the realm of the Council. I dare to presume that the doctor understands the "rights of the minority" regarding education and at the same time sufficiently familiar with the School Act to know that the only ones to decide this matter are the minority group—be they Protestant or Catholic. In the case in question only the ratepayers members of our faith may vote on this matter and on this ground I protest that motion as "out of order."

SPICE AND "SICK FOODS"

Down near the end of the Canadian National Steamship Canada-West India line, lie the islands of St. Vincent and Grenada, neighboring tropical paradises. St. Vincent is known as a "Spice Island" being an especially important producer of nutmeg and mace—two things which are not particularly good for sick people. Grenada is the world's chief source of commercial arrowroot, according to the Royal Bank of Canada's 1931 bulletin on this and kindred subjects. Arrowroot is "an edible starch produced from the roots of various tuberous plants of the cassava family and is used largely in the preparation of foods for children and invalids."

GOVT PRINTING COST \$204,321 FOR 1931

EDMONTON, March 10.—Printing expenditures by the provincial government amounted to \$204,321 for 1931. It was stated in information given the house by Hon. R. G. Reid, provincial treasurer.

The minister said \$35,206 was paid the Henry Roche Printing Company for printing in the period stated. There was \$4,901 paid to the Douglas Printing Company, \$442 to the Western Veteran Publishing Company, now the Institute Press, and \$11.50 to La Survivance.

Mr. Reid added that the printing account to The Wainwright Star was exactly \$0. (nil).

member I would remind him, that we have protestant separate schools in this province. One is about to be formed in Glendonald district, about sixty miles north of here, in the midst of a catholic population. The formation of such a school has not been objected to. Had some distinguished, noble champion, one whose only concern was the preservation of the "co-operative spirit" risen in protest to the formation of the said protestant separate school, such a protest would have, no doubt been branded as intolerance.

If the inability on the part of the Council to prevent the separate school being formed in Wainwright is not sufficient reason for the removal of the said motion in the regular manner by the mover and those who seconded and carried the motion; at least the feeling that they had gone a long way out of their ordinary "modus agendi" and beyond their legitimate rights should stimulate such an action. A Catholic school, be it separate or private will open 1 September, if the future generations when they come to write the history of this town, read Doctor Courcier's smug motion, if it be unfortunately left for the so doing will give as kindly an interpretation to the matter in question as we have, but I am afraid that they too, will see behind the "smoke-screen."

REV. HUGO DOYLE.

Wainwright, March 14th.

We are in receipt of a splendid letter on the co-operation of citizenry which unfortunately arrived too late for insertion in this issue, but will appear next week.

Seniors Had Edge On Junior Team

Wainwright hockey fans were treated to another good game on Thursday of last week when the two town teams fought for sixty minutes in a neck-and-neck struggle for supremacy.

The score 10-9 in favor of the Seniors just about indicates the run of the play. The Seniors were out to show the youngsters a few things about playing hockey and the Juniors were endeavoring to demonstrate that their win of last week was no fluke; and the few fans present got a great kick out of the battle.

The first period was pretty much all Junior when the school boys ran up a score of 8 to the Seniors 2, and it looked as though the kids were due for another win, but the Senior team apparently were only getting warmed up as they stepped out in the second frame and tallied 4 goals while the school snared one lone counter.

Starting the third series on an even footing both teams polished up their park plugs, oiled up the working parts and threw everything wide open.

Buckle opened the scoring about three minutes from the start and the Seniors were in the lead. Not to be denied however, the Juniors came right back with a pair of dandies driven home by Phil Stuart and Carl Tury. This was the turning point of the game. The School boys threw everything they had into the scoring and the crafty Buckle was not slow to take advantage of the openings to send up a three-man forward line with only a two-man defence to beat, with the result that the Senior ran three counters in the dying moments of the game and although Joe Collett grabbed another for the Juniors it was not enough; time was called and another good game was over.

It is too bad the town people do not turn out to see these games, as, if they showed any interest at all, the games could be arranged with outside teams. But, as it is, the local boys cannot neither go out or have other teams in, as, without support from the fans they could not pay expenses.

We surely need a live sports organization in Wainwright, promoted and backed by some live business men. Other towns have them; why can't we?

Goal summary—Seniors: Buckle 5, Laderout 2, Murray 1, Spence 1, Alderman 1. Juniors: Stuart 3, C. Tury 2, Collett 2, R. Ganderton 1, K. Tury 1.

Seniors	Line Up	Juniors
Boyd	Goal	Pigeon
Buckle	Defence	V. Ganderton
Murray	Defence	K. Tury

SPENCER BANK INT. AMENDMENT DEFEATED

OTTAWA, March 10.—The Committee on banking and commerce of the house of commons today defeated a proposed amendment to the Bank Act, which sought to make it illegal for banks to charge more than seven per cent interest. The amendment, which was defeated on a registered vote of ten against five, was proposed by H. E. Spencer (U.F.A.) Battle River, and would have made any violation of the seven per cent maximum law an indictable offence subject to a fine not exceeding \$500 to the bank, and \$100 to the officer or manager of the bank guilty of the violation.

CANADIANS GET THE BIRD

Canadians are becoming "canary minded" to judge from the large number of feathered songsters which reached Canada from overseas last year. The Canadian National Express alone, which handles a large proportion of canary imports, states that in 1931 well over 5,000 of these birds were brought from points in Germany and England for dealers in Toronto, Montreal, Winnipeg and even as far west as Victoria, B.C. The majority of the birds come from the Hartz Mountains of Germany, the home of the famous Hartz Mountain Roller. Here the birds are trained for singing as carefully as many a prima donna, fanciers and breeders using many novel means to teach them different notes.

ASK SUSPENSION OF FARM IMPLEMENT DUTY

Request that the proposed federal duty on agricultural implements be suspended for one year will be made by the Calgary Board of Trade, the council decided Wednesday. The council felt that imposition of the duty might prove a burden on Western Canada farmers, especially at a time when farming conditions were less favorable.

The council again suggested by resolution to the provincial government that in the event of a provincial income tax being imposed, the machinery of the federal tax system be used to avoid unnecessary expense. The council heartily endorsed the proposed N.S.F. cheque legislation by the federal government.

PASSION WEEK SERVICES

In accordance with the custom for several years past, the Anglican, Presbyterian and United churches are combining for three services in Holy Week. On Monday evening, March 21st the service will be in the Presbyterian church; on Tuesday evening, 22nd, in the United church; and on Wednesday evening, 23rd, in the Anglican church. As formerly, each minister will conduct the service and give the address in his own church. No offering will be taken. A very cordial welcome is extended to all to attend these services.

"LIVING MUSIC" SUPPORT URGED

EDMONTON, March 12.—Imposing of an increased license fee on theatres which use only mechanical music is being considered by the provincial government.

When estimates for the provincial secretary's department were being dealt with in the legislature, F. J. White, Calgary brought up the question of increased revenue from theatres.

There were certain theatres which used orchestras or "living" music, to which people were attracted by the cultural factor, observed Mr. White. Then there were the theatres which used only mechanical music with their programmes. He asked if consideration had been given to the feasibility of imposing a higher license fee upon the latter.

Premier Brownlee replied that the matter was being given consideration but no decision had been reached as yet by the government.

On soaked shoes can be restored to normal dryness with fuller's earth. Cover the bottom of a suitable box with the earth, set the shoes on this and sprinkle more of the earth over them, both inside and out. Allow the shoes to remain in the earth overnight, when it will have absorbed all the excess oil.

THEATRE PACKED FOR WELL-KNOWN SPEAKER

On Saturday evening last the theatre was truly packed to the doors to hear Mr. J. J. Maloney speak, and owing to the number unable to get into the building a second meeting was held at nine o'clock with the hall still in the same packed condition. A special train brought the speaker from the city, and he left again soon after ten p.m. During the evening some tenor solos were splendidly rendered by one of the visitors from Edmonton. The affair was sandwiched in between the matinee and evening pictures, so taken altogether the Elite was sure a truly busy spot for the week end.

PRIESTLY PAID \$3,593 FOR WORK FOR GOVERNMENT

EDMONTON, March 10.—The preparation of a text book on co-operation on which is not yet in use, and editing proceedings of the Alberta Institute of Co-operation for two years, 1929-30, cost the province \$3,593 by way of salary to Norman P. Priestley, vice-president of the U.F.A., it was disclosed in the legislature by Hon. George Hoadley, Minister of Agriculture.

This amount includes \$293 for expenses, of which \$100 was for travelling purposes.

CONTINUATION OF DOINGS IN LEGISLATURE

(Continued from Page One)

Government for policing the province by the R.C.M.P. Provided the opposition with plenty of ammunition. The liberal benches were particularly keen in their questions. H. J. Montgomery being continually on his feet with queries in the interests of the men of the A.P.P.

J. M. Dechene, liberal, St. Paul, had a couple of hours all to himself when he proposed a resolution urging that the money collected by means of the supplementary tax be used for roadway purposes in the municipalities in which it was located.

He pointed out that roadway work was urgently needed in many parts of the province. The cutting down of the estimates in the public works department would result in many municipalities being unable to provide relief for their unemployed.

The resolution was defeated, no other member speaking to it. A motion moved by H. Rosenberry, liberal, requesting the provincial auditor to furnish any member with information concerning the financial affairs of the province was defeated, conservatives and labor voting with the government. Those opposed numbered 45, those in favor, eleven.

The motion was strongly opposed by the treasury benches and was supported by F. C. McGill, conservative, Calgary. It was defeated by 45 to 11.

Introduction of the income tax provided another opportunity for the opposition to get busy. As previously indicated, the liberals strongly opposed the measure from the start. It weathered its first storm on first reading when, by a vote of 47 to 11, the house approved its introduction. Being a money bill the approval of the lieutenant governor first had to be obtained and then a resolution

placed on the order paper giving notice of its introduction.

This resolution was strenuously opposed by the liberals and a division taken. J. MacKintosh, Independent, Bow Valley, supported the liberals.

Limiting of ministerial and other government salaries to a maximum of \$5,000, advocated by W. Howson, liberal, during a discussion of estimates. He urged that those in excess of this amount make voluntary contributions to the unemployment relief fund. His motion was lost.

For the most part the week has been taken up with the discussion of private members' resolutions. A resolution moved by Andrew Smoot, Lethbridge, after being amended, which urged on the Dominion Government the necessity of unemployment insurance, was passed unanimously. A suggestion by George H. Webster, to make it read contributory unemployment insurance failed to receive support.

Another resolution which met no opposition was moved by Chas. Patterson, Edson. It urged the appointment of a committee to investigate and report on the advantages of state medicine. It caused a lengthy debate but received the support of the medical members of the house. The liberals took no part in this long talk.

Dividing on non-party lines, the house adopted a motion calling for a conference of legislators of three prairie provinces. The liberals voted solidly against this resolution. They were supported by five conservatives and six members on the government side, including Hon. O. L. McPherson and Hon. V. W. Smith.

Replying to questions of George H. Webster, Hon. George Hoadley informed the house that it would cost between \$60,000 and \$70,000 for temporary seed grain during the coming season.

A resolution of Hugh C. Farthing, conservative, Calgary, asking for full statements of the amount spent in advertising by certain co-operative associations with the "U.P.A." provoked a strenuous defence on the part of the government.

Mr. Webster and Premier Brownlee had a number of sharp exchanges Thursday, just before consideration of estimates was resumed. Mr. Webster intimated he had prepared a list of questions which he wished to hand to the provincial treasurer in order that the government might be prepared to deal with them when the items came up for consideration.

He was particularly in search of information concerning the public debt. He regretted the provincial treasurer had not closed the budget debate when he might have given them the information they now sought. He was also anxious, he said, to get more information concerning capital borrowings.

In many cases these should be shown under income account, he declared. The result of previous practice had been that there were now \$19,000,000 of tangible assets shown in public accounts.

Premier Brownlee asked that the list of questions be handed over.

H. J. Montgomery, rose to support his leader but the speaker ruled that the whole discussion was out of order. He warned members that in future they would be closely restricted to the rules of the debate.

Mr. Brownlee defended both appropriations. He explained that for the hospital was for the treatment of cancer by radium and was very properly included in capital account.

Mr. Webster contended that as the hospital was receiving grants totalling \$60,000 they ought to be able to save enough out of them to provide the radium.

The premier replied that if anything could be saved from these grants it would be done.

Mr. Webster also moved for the elimination of an appropriation of \$5,450 for legislative counsel and stenographer. He asserted this work ought to be done by one of the numerous law firms under the authority of the Attorney General.

If consideration had to be given to the present legislative counsel he should be accommodated in that department and not act as personal legal adviser to the premier.

In reply the premier asserted that certain consolidations were under consideration on which might result before next session in this office being eliminated. He also hinted that other amalgamations which might bring about reductions in other departments. Mr. Brownlee denied that there were too many lawyers employed in the Attorney General's department. He also said it might be possible to amalgamate the publicity commissioner's office with that of the trade commissioner.

RESTFUL SLEEP for FRETFUL, FEVERISH CHILD

—With Castoria's regulation

When your child tosses and cries out in his sleep, it means he is not comfortable. Very often the trouble is that poisonous waste matter is not being carried off as it should be. Bowels need help—mild, gentle help—but effective. Just the kind Castoria gives. Castoria is a pure vegetable preparation made specially for children's ailments. It contains no harsh, harmful drugs, no narcotics. Don't let your child's rest—and your own—be interrupted. A prompt dose of Castoria will urge stubborn little bowels to act. Then relaxed comfort and restful sleep! Genuine Castoria always has the name:

ADVERTISING IS ONE WAY OUT

Toronto evening newspapers carried twenty-three solid pages of advertising from two department stores one day recently. One store used seven pages; the other sixteen in each of the two papers. The stores were crowded. Neither the volume of the advertising nor the crowds in the stores suggested depression, although some of the prices did. What net profit was made on the enormous business turnover enjoyed following this massed advertising attack is a business secret. But both stores have a well-earned reputation not only for good merchandising methods but for business judgment, and it may be assumed that they have not gone in for such extensive advertising simply to put the newspaper industry on its field feet nor even to support the hospital that is the chief beneficiary of one of the newspapers.

Capital department store executives find the depression makes more and not less advertising desirable.

Money for the Farmer's Wife

EVERY farmer's wife should have a bank account; there are so many things to save for—things for the home—a holiday trip—or the proverbial rainy day.

On many farms the money from the poultry, the dairy or the garden belongs to the farmer's wife, but unless she has a bank account the money soon goes.

PAIN

HEADACHES, NEURITIS NEURALGIA, COLDS...

Whenever you have some
sagging ache or pain, take
some tablets of Aspirin.
You'll get immediate relief.

There's scarcely ever an
ache or pain that Aspirin
won't relieve—and never a
time when you can't take it.

The tablets with the
Bayer cross are always safe.
They don't depress the
heart, or otherwise harm
you. Use them just as often
as they can spare you any
pain or discomfort. Just be
sure to buy Aspirin and
not a substitute.

ADVERTISING

BLUES AWAY
(An Editorial by Richard S. Bond)
Once upon a time there was a merchant in an ordinary town who greeted Old Man Depression with a grin instead of a frown.

While other merchants fired clerks damped the old stove down with a mixture of pea coal and sand, and transferred money from the local bank to a vault in the back bedroom closet, this extraordinary chap toddled around to see his local editor.

"They say we are having a depression, Bill," he said. "Guess I'd better advertise a bit more and take advantage of it."

The editor thanked Providence for a heart strong enough to stand the shock. Hiding his closely-stitched nails he leaned forward in his chair to avoid falling when he awakened. "I mean it, Bill," continued this extraordinary merchant. "Here's a copy for an ad twice as large as usual. See that it gets preferred position, will you?"

And as everything was then "Preferred position," this ad appeared below the latest news from the China front, above the choicest comic strip and alongside the editor's own version of why the local Presbyterian minister had eloped with his red-headed soprano.

Now the peculiar thing about this is that people read the ad and dropped down to buy the goods. Money came out of socks and the merchant placed it back into the local bank—where it belonged. This same merchant found it unnecessary to discharge an old clerk, because of his increased business and as soon as the clerk realized his job was safe, darned if he didn't go out and buy a radio and a new lawn mower.

The merchant sold so much bacon and canned beans that he was forced to turn in a bigger order than ever when his favorite traveling salesman dropped in on Friday.

Of course, the traveling salesman kept his job while the canner of beans and the packers of bacon got the idea things were clearing up a bit. The bean canners even hired a few extra men to be sure they were ready for boom times.

Next week this extraordinary merchant increased his space again—so much that the editor gave his old pants to the local street cleaner, and blew himself to a few blue serge that looked like a million dollar worth of good times.

Queer old world this is! If we had several thousands of these extraordinary merchants in ordinary towns—why darn it, there wouldn't be any depression anywhere.

HIGHLY CIVILIZED
Reports indicate that the murder record of the United States is the worst among the countries of the world.

In 1931 one of our Southern cities reported approximately 58 killings per 100,000 inhabitants. Others reported from 30 to 52. Chicago, with its rather unsavory reputation, had but a little over 14, while New York had 7, and Boston the good, only 2.

Canada and England produced even fewer murderers per 100,000 than our fewest murderers in ordinary towns—why darn it, there wouldn't be any depression anywhere.

"Thou Shalt Not Kill!" said a preacher two thousand years ago. "Do Unto Others As You Would That Men Should Do Unto You." In these highly civilized days we are forgetting the advice and the promises of this preacher. Perhaps our forgetfulness has much to do with present conditions.

"Come Unto Me All Ye That Are Weary and Heavy Laden and I Will Give You Rest."

Funny we don't give it a trial.

OLYMPIC HOCKEY CHAMPIONS
ACCORDED GREAT WELCOME

In the wildest welcome ever accorded a triumphant sports organization in the west, thousands of Winnipeg's most rational citizens forgot decorum as they tossed hats in the air, thumped each other on the back and shouted themselves hoarse in honor of the Olympic hockey champions, the Winnipeggers. Following the arrival of the champions over Canadian National Railways from Port Arthur, where they played the final game of their barnstorming tour, local fans stampeded through the streets to shout congratulations to the hockey heroes who rode triumphantly in the centre of a monster parade of gaud decorated floats. It was

five weeks almost to the hour, since the Winnipeggers left for Lake Placid in search of world's amateur hockey honors. Automobile horns and sirens blended to drown the martial blare of five bands as the parade wound through the crowded streets from the Canadian National depot to the Amphitheatre rink, where the official reception was staged. A feature of the ceremony was the presentation to each member of the victorious team of a handsome monument in the form of a buffalo—Manitoba's emblem, imposed on two marble sections bearing the seals of the city and the province in gold.

REFRESHING EATS FOR THIS WEEK (BY BETTY BARCLAY)

MUFFINS FOR SPRING BREAKFASTS

Make your Spring breakfast unusually delightful by serving piping hot muffins with maple syrup, marmalade, or your favorite preserve or jelly. Inidentally, muffins are excellent for supper too.

Breakfast Muffins

2 cups special cake flour, sifted
4 teaspoons baking powder
1/2 teaspoon salt
1 egg, well beaten
3/4 cup milk
4 tablespoons butter or other shortening, melted
Sift flour once, measure, add baking powder and salt, and sift again. Cream butter, add sugar, and cream together thoroughly. Add eggs, then flour, alternately with milk, a small amount at a time. Beat after each addition until smooth. Bake in greased muffin pans in hot oven (400 degrees F.) 25 minutes. Makes 10 muffins.

Queen Tea Muffins

1 1/2 cups special cake flour, sifted
4 teaspoons baking powder
1/2 teaspoon salt
4 tablespoons butter or other shortening
4 tablespoons sugar
1 egg, well beaten
3/4 cup milk
Sift flour once, measure, add baking powder and salt, and sift again. Cream butter, add sugar, and cream together thoroughly. Add eggs, then flour, alternately with milk, a small amount at a time. Beat after each addition until smooth. Bake in greased muffin pans in hot oven (450 degrees F.) 20 minutes. Makes 15 small muffins.

Caramel Pudding with Marshmallow Whip

1 junket tablet
1 tablespoon cold water
1 pint milk
4 tablespoons marshmallow topping
1/4 cup sugar
1/4 cup boiling water
1/2 teaspoon vanilla
Dissolve junket tablet in cold water. Put sugar in a small saucepan and heat, stirring constantly, until melted and golden brown. Add boiling water and dissolve sugar in it. Add milk to caramel syrup and warm until lukewarm—NOT HOT. Remove from stove. Add dissolved junket tablet and vanilla and turn at once into individual dessert glasses. Let stand in a warm room until firm; then chill before serving. Mix the marshmallow topping with two tablespoons milk. When ready to serve the junket top with the marshmallow mixture.

LEFT-OVER Dainties

Some dishes made from left-overs are surprisingly delicious. Odds and ends of both vegetables and meats may be turned into tempting new offerings that will actually surprise guests or the family itself. A dash of sugar used as a seasoning and to blend the flavor of both the vegetable and meat dishes. Try the following for examples, and be convinced.

Portuguese Tomatoes

2 cups cooked meat
6 large tomatoes
2 cups gravy
1/2 cup onion sugar
Peel the tomatoes and simmer them gently in the gravy, adding the seasoning to them. When the tomatoes are tender but have not lost their shape, skim out and put where they will keep hot. Heat the meat in the gravy and make rounds of toast. Serve the meat on the buttered toast with a tomato on top of each.

PUBLIC NOTICE

TOWN OF WAINWRIGHT

NOTICE OF PREPARATION OF ASSESSMENT ROLL FOR 1932

NOTICE IS HEREBY GIVEN that the assessment roll of the Town of Wainwright for the year A.D. 1932, has been prepared and is now open for inspection at the office of the Secretary-Treasurer of the Town from Ten o'clock in the forenoon to Four o'clock in the afternoon, on every day which is not a public holiday, except Saturday, and on that day from Ten o'clock in the forenoon until Two o'clock in the afternoon, and that any person who desires to object to the entry of his name or that of any other person upon the said roll or to the assessment of any property or to the assessed value placed upon any property must, within thirty days after the date of this notice, lodge a complaint in writing with the Secretary-Treasurer of the Town.

DATED this 7th day of March A.D. 1932.

N. S. KENNY, Secretary-Treasurer

16-3

JUDICIAL SALE OF FARM PROPERTY

There will be offered for sale by Public Auction by Mr. J. W. Stuart at the Post Office at Fabian, Alberta, on Saturday, the 26th day of March A.D. 1932, at two o'clock in the afternoon,

The South East quarter of Section 18, in Township 45, and Range 7, West of the fourth meridian, 160 acres more or less; excepting 76-100 of an acre for a roadway, and excepting mines and minerals.

The Vendor is informed that the above property is situated less than a quarter of a mile from the Post Office at Fabian on the C.N.R. where there is an elevator, and a quarter of a mile from the nearest school; that about 140 acres are under cultivation and there are about 10 acres of waste land consisting of a coulee; the property has a 3-wire fence and the soil is a sandy loam with clay subsoil.

The sale is subject to an upset price of \$1,500.00 and to taxes for the current year.

TERMS: 10 per cent cash at time of the sale and the balance to be paid into Court within 60 days without interest; or in the alternative, 10 per cent cash as aforesaid and the execution of a mortgage by the purchaser which shall be a first charge on the land, for \$1,000.00, payable in 5 years in equal annual instalments of \$200.00 each year, together with interest at 8 per cent per annum and the balance of the purchase price to be paid into Court within 60 days from the date of sale without interest.

In other respects the terms and conditions of sale will be the standing conditions of sale of the Supreme Court of Alberta as approved by the Master.

For further particulars apply to Steer, Jackson & Gaunt, 411 Empire Block, Edmonton, Alberta.

Dated at Edmonton, this 22nd day of February, 1932.

R. P. WALLACE, C.S.C.

APPROVED: "A.Y.B." M.C. 16-3

PHONES 57 or 93

BORN—To Mr. and Mrs. E. Heffernan, at the Wainwright municipal hospital on March 10th, a boy.

BORN—To Mr. and Mrs. M. Behm, at the Wainwright municipal hospital on March 11th, a boy.

BORN—To Mr. and Mrs. J. Marchand, of Fabyan, at the Wainwright municipal hospital on March 11th, a girl.

Mr. Gordon Kenny, who has been on his vacation here for the past three weeks is resuming his duties at the Bank of Montreal, at Bentley this week.

Miss Mildred Perkins is leaving for Lamont where she will enter the hospital to commence her training for a nurse.

*** It will cost nothing to test your tubes, and any other little thing which needs fixing in your radio. George Morley, the radio expert will see to it at a very moderate cost.

Little Junior Bibby, son of Mr. and Mrs. S. Bibby was the host to a party of small friends on Saturday to celebrate his second birthday.

On Saturday, March 26th, the W.A. of the United Church will hold a sale of home cooking in the I.O.O.F. hall combined with their daffodil tea from 3 to 6 p.m. At 4 p.m. a short sketch will be given, and incidental music will enliven the whole proceedings. Everybody is invited.

Cambridge university crew are favorites to win the annual Oxford-Cambridge sculling match which will be rowed on the Thames on Saturday next.

Owing to receiving severe injuries to one of his feet in an accident with a wood saw on Saturday last, Mr. N. Nelson of Edgerton, had to have a toe amputated at the hospital. He is now getting along nicely.

*** Two more cars of Black Diamond lump coal were unloaded at the Atlas yard last week. Come in and get a load, and forget about the cold spell and the bad colds from cold houses.

Mr. P. Hauchhausen, of Provost was over on Saturday on business and visiting friends here.

Mr. W. Carsell was a business visitor to the city at the beginning of the week.

Keep the date open for the "Old Time Dance" which is being arranged by the Agricultural society to be held in the theatre on Monday, March 28th. One of those real old-fashioned good times is promised to all, and some of the finest pictures ever filmed in the park are to be shown.

Rev. M. Leamy, left on Friday last to take up work at Clyde, Alta.

Mr. Schroh of Ribstone who was operated on at the hospital on Saturday for appendicitis is now progressing favorably.

Mr. Herb. Reeves who has been a patient at the hospital for the past couple of weeks left the institution on Saturday feeling greatly improved.

*** Could YOU stand a judgement of \$7500.00 today. If not, insure your car before you run it again. Public Liability Insurance costs from \$12.00 to \$18.00 per year according to the size of the car and protects you against all lawsuits up to \$50,000.00 if desired. Joe Welch handles this insurance and will be pleased to explain the details.

The finances of the village of Viking are in such good shape that the village council there have announced a 10-mill reduction in the tax levy for this year.

To comply with the Factory Act, the Star office has received its annual bath of lime-white this week by way of a Spring cleaning.

And it'll be "St. Patrick's Day in the morning" tomorrow (Thursday) so don't forget your sprig of green.

A very pleasant time was spent at the Masonic hall on Friday evening last when the girls of the high school were responsible for an enjoyable little dance to which many attended.

Mr. Alex. Stewart, formerly stationed here again on duty at the depot acting as relief for Mr. Geo. Glass, who was called to Toronto last week by the extreme illness of his mother.

Mr. Balsbury, of Edmonton, who has been appointed superintendent here for the British American Oil Co. arrived on Sunday to take up his duties and will be moving his family to town this week. They will reside in the house recently vacated by Mr. P. A. Graham on Main Street.

Mr. Reg. Henry, one of Wainwright's old-timers, has been in town for a few days before returning to his home at Calgary.

Special Easter fares of one and one-quarter single fare for the round trip are announced by the C.N.R. for the holiday period. Good going on March 24, 25, 26, 27 and to return on March 29th.

Mrs. Mary Primrose, who returned to her former home in Scotland some years ago, intends soon to return to Wainwright to reside again. She will occupy her house on Second avenue east.

*** For this month only I will do your paper-hanging for half-price; see my samples—the latest in wall-papers.—H. Coffield, Town.

Mayor Foster now has the Bibby trucks busy hauling in grain from his farm near town.

The roads are now passable for cars in nearly all directions, although in one or two places it is still necessary to drive through fields to miss some extra heavy drifts. Mr. R. Beck was over from Coar with his truck on Saturday and reports the roads very fair in that direction.

*** Give your children a chance: a musical education is society's extra. Classes in pianoforte study can be started at any time. Prices are moderate.—C. H. Lilly, Queen Street.

We learn that Mr. R. E. Minter who has been renting the White farm near Greenfield for several years has now rented a large farm at Strathmore, Alta., and will be moving there very shortly.

Don't fail to visit the Atlas lumber yards and take advantage of the greatly reduced prices in house-cleaning material and building supplies. This is a special sale to reduce the stock before the annual inventory on April 1st.

We are sorry to note that a pump-house on the farm of Mr. Dave Hutchison, south of town was burned to the ground last week. There was no insurance carried and the cause of the fire is unknown.

*** Yes! radio reception is still as good as ever if your machine "keeps" in perfect condition. Let Geo. Morley give it the "once over" test the tubes etc. You have your investment, so why not get the best from it. I will make it "bring 'em in" just like a new machine. Phone 161, Town.

Coming Events

*** The St. Andrew's L.A. will hold a St. Patrick's Tea and Sale of Home Cooking in the I.O.O.F. hall, on Saturday, March 19th. The Girl's Beaver Sewing Circle will have a candy booth there, too! All are invited to drop in.

*** The Senior Girl's Auxiliary of St. Thomas church are planning to hold an Easter Tea in the hotel sample rooms from 3 to 6 p.m. on Saturday, March 26th. Everybody invited.

*** The W.A. of the United Church will hold a Daffodil Tea in the I.O.O.F. hall on Saturday afternoon, March 26th, when everyone is invited to drop in and enjoy "the cup that cheers."

*** Come to the big Whist & Bridge drive which the W.A. of St. Thomas Church are holding in the Masonic Hall on Friday evening, April 1st, at 8 p.m. Admission 50 cents.

*** Get your tickets for the big card party which is dated for Wednesday April 6th, in the I.O.O.F. hall. Real supper served, and dancing after the card playing.

*** Reserve Friday, April 8th, to see a programme of one-act plays and musical numbers in the I.O.O.F. hall.
